Frequently Asked Questions (FAQs)

Q. Is there regular one on one Mentorship ?

A. Yes. One to One sessions ensure targets are set, reviewed and course corrections done. Beyond that, mentors are available 24×7 for support.

Q. Will the mentor regularly follow up and track my progress ?

A. Yes. Your mentor will closely monitor your progress through regular performance reviews and targeted feedback, offering timely guidance to overcome weaknesses, build on strengths and keep you aligned with your UPSC goals.

Q. How many sessions are there per subject/theme ?

A. Each major theme across GS will have 3 to 4 Answer Writing Sessions. Strategy, structure and presentation are tailored per section for example, GS1 History focuses on place, personality and time.

Q. Will there be a clear timeline for completion ?

A. Yes. A detailed month wise plan is shared in advance. Prelims and Mains prep are integrated, not done in silos. You'll be Mains ready by December with manageable targets and regular progress tracking.

Q. Will there be MCQ solving sessions ?

A. Yes. MCQ sessions with deconstruction, tricks and explanation will be held, focusing on logic and elimination.

Q. What about the Prelims Test Series ?

A. We do not provide our own GS sectional or full-length Prelims tests. Instead, students are expected to attempt the Prelims Test Series of reputed institutes. What we offer is structured discussion, analysis, and course correction on these attempted tests. This ensures that every mistake becomes a learning opportunity, conceptual clarity improves, and preparation stays aligned with UPSC's evolving paper design.

Q. How will Prelims test discussions be conducted ?

A. Each test is followed by individual one on one discussions the next day. You'll learn "first principle thinking", elimination techniques and effective solving strategies.

Frequently Asked Questions (FAQs)

Q. What about the Mains Test Series ?

A. You'll write 10 sectional Mains Tests by January, syllabus aligned, theme based and evaluated within 48 hours with one on one personalised feedback. Additionally, 12 Full Length Tests will be conducted between Prelims and Mains.

Q. How will current affairs be covered for both Prelims and Mains ?

A. We will guide students on selecting the right sources and, more importantly, on how to approach current affairs effectively. The focus will be on differentiating Prelims-specific content from Mains-oriented content (analysis, implications, critical perspectives). Equally essential will be learning what to leave out—so that preparation remains sharp, exam-focused, and not cluttered with unnecessary information.

Q. Do I still need to join coaching if I take mentorship ?

A. No. BODH is designed to complement or even replace coaching by converting your existing knowledge into results through structured strategy and feedback.

Q. Will I be ready to face the UPSC exam confidently after this ?

A. Yes. The program builds your concept clarity, exam temperament, answer writing skills and time management, ensuring you face the UPSC exam with confidence and readiness.
